

GülTaş Mermer – Doğanın Zarafetini Taşlara İşliyoruz

GülTaş olarak, taşı yalnızca bir yapı malzemesi değil; bir emeğin, bir duygunun ve bir hikâyenin taşıyıcısı olarak görüyoruz. Doğanın milyonlarca yılda şekillendirdiği taşları, tutkuyla seçiyor, özenle işliyor ve projelerinize ruh katıyoruz.

Dünyanın dört bir yanından temin ettiğimiz beyaz mermer koleksiyonumuz ve 200'ün çok üzerinde ürün çeşitliliğimizle, sektörde fark yaratıyor, her ölçekteki projeye ilham veriyoruz.

Geniş stok kapasitemiz sayesinde yurtiçinde ve yurtdışında taleplere hızlı, güvenilir ve estetik çözümler sunuyoruz.

GülTaş, her geçen gün büyüyen vizyonu ile yalnızca mermer değil, değer, zarafet ve güven taşır. Bizim için her taş, yalnızca bir malzeme değil; bir iz, bir hatıra, zamana karşı inşa edilen bir duygudur.

GulTash Marble – Carving Nature's Elegance into Stone

At GulTash, we see stone not merely as a construction material, but as a carrier of effort, emotion, and story. We carefully select stones shaped by nature over millions of years, craft them with passion, and breathe life into every project.

With our white marble collection sourced from around the world and a product range that far exceeds 200 unique selections, we make a powerful mark in the industry, inspiring projects of all sizes.

Thanks to our strong stock capacity, we deliver fast, reliable, and elegant solutions both locally and internationally.

GulTash, with its ever-expanding vision, carries not just marble — but value, grace, and trust. For us, every stone is more than a material; it is a trace, a memory, an emotion built to withstand time.
